Model	Qty	Description	Discounted Price (USD)	Total Price
		Start/Stop Motor Control Switch (230V or 480V ±10%) (Non-Fused) Powder Coat Gray NEMA Four Enclosure (Indoor Use Only) Manual Motor Protector Motor Contact Operation Pilot LED Operation ON/OFF Selector Switch Safety and Switch Labeling		
SSMS-1P		Single Phase Motor Control Switch (Up to 1.5HP)	\$684.00	\$0.00
SSMS-3P		Three Phase Motor Control Switch (Up to 3.0HP)	\$695.00	\$0.00
		Start/Stop Motor Control Switch for Load Cell Transmitter (230V or 480V ±10%) (Non-Fused) Powder Coat Gray NEMA Four Enclosure (Indoor Use Only) Specifically Engineered to Work With Relay Based Load Cell Transmitter For Single Motor Use Only Manual Motor Protector 24VDC Power Supply for Motor Control and Transmitter Operation Pilot LED Mode Selection Switch (Manual / Off / Auto) (Auto is Load Cell Controlled) Operation Switch (Motor Start) (Turns off based on Load Cell) Safety and Switch Labeling Load Cell Transmitter is Sold Separately		
SSMS-1P-LC		Single Phase Motor Control Switch (Up to 1.5HP)	\$1,108.00	\$0.00
SSMS-3P-LC		Three Phase Motor Control Switch (Up to 3.0HP)	\$1,127.00	\$0.00
		Fused Start/Stop Motor Control Switch (230V or 480V ±10%) Powder Coat Gray NEMA Four Enclosure (Indoor Use Only) Main Fused Disconnect w/ Fusing Manual Motor Protector Motor Contactor Operation Pilot LED Operation ON/OFF Selector Switch Emergency Stop Device Safety and Switch Labeling		
SSFMS-3P		Three Phase Fused Motor Control Switch (Up to 7.5HP)	\$1,667.00	\$0.00
SSFMS-3P		Three Phase Fused Spent Grain Assembly (Up to 15HP) (480V Only)	\$2,567.00	\$0.00

		VFD Control Switch (230V or 480V ±10%) (Non-Fused) Powder Coat Gray NEMA Four Enclosure (Indoor Use Only) NEMA One Variable Frequency Drive Operation Pilot LED Operation ON/OFF Selector Switch Panel Mounted Remote Keypad Emergency Stop Pushbutton Device Safe Torque Operation (STO) Safety and Switch Labeling		
SSVS-1.5V		1.5HP VFD Control Switch	\$1,804.00	\$0.00
SSVS-3.0V		3.0HP VFD Control Switch	\$1,916.00	\$0.00
		Fused VFD Control Switch (230V or 480V ±10%) Powder Coat Gray NEMA Four Enclosure (Indoor Use Only) Main Fused Disconnect w/ Fusing Manual Motor Protector NEMA One Variable Frequency Drive Operation Pilot LED Operation ON/OFF Selector Switch Panel Mounted Remote Keypad E-Stop Safety Device Safe Torque Operation (STO) Safety and Switch Labeling		
SSFVS-1.5V		1.5HP Fused VFD Control Switch	\$2,593.00	\$0.00
SSFVS-3.0V		3.0HP Fused VFD Control Switch	\$2,828.00	\$0.00
SSFVS-5.0V		5.0HP Fused VFD Control Switch	\$3,075.00	\$0.00
SSFVS-7.5V		7.5HP Fused VFD Control Switch	\$3,459.00	\$0.00
SSFVS-10.0V		10.0HP Fused VFD Control Switch	\$3,845.00	\$0.00
SSFVS-15.0V		15.0HP Fused VFD Control Switch	\$4,442.00	\$0.00
SSFVS-30.0V		30.0HP Fused VFD Control Switch	\$5,528.00	\$0.00
SSFVS-OUT		Outdoor Use Addition (OPTIONAL)	\$366.00	\$0.00
		Pneumatic Control Switch (120V ±10%) Powder Coat NEMA Four Enclosure Pneumatic Control Solenoid (Power ON/Spring OFF) Operation Pilot LED Operation ON/OFF Selector Switch or Pushbutton Assembly Safety and Switch Labeling		
SSPS		Pneumatic Valve Switch	\$669.00	\$0.00
SSKPS		Pneumatic Valve Switch with Keyed Activation Switch	\$736.00	\$0.00
		Fused Spent Grain Control Assembly (230V or 480V ±10% (Wye)) Powder Coat Gray NEMA Four Enclosure (Outdoor Use) Enclosure Vent for Outdoor Use Main Fused Disconnect w/ Fusing Manual Motor Protector Motor Contactor 24VDC Power Supply Operation Pilot LED for both Pneumatic Solenoid and Motor Control Operation ON/OFF Selector Switches (Pneumatic Solenoid Switch is Keyed) Pneumatic Control Solenoid (Power ON/Spring OFF) Emergency Stop Device Safety and Switch Labeling		
SSFMS-7.5-PS		Three Phase Fused Spent Grain Assembly (Up to 7.5HP)	\$3,013.00	\$0.00
SSFMS-15-PS		Three Phase Fused Spent Grain Assembly (Up to 15HP)	\$3,804.00	\$0.00

		<p>Load Cell Start/Stop Motor Control Switch (230V or 480V ±10%) (Non-Fused)</p> <p>Powder Coat Gray NEMA Four Enclosure (Indoor Use Only)</p> <p>Manual Motor Protector</p> <p>Motor Contact</p> <p>24VDC Control Voltage</p> <p>Operation Pilot LED</p> <p>Operation ON/OFF Selector Switch</p> <p>Safety and Switch Labeling</p> <p>Load Cell Integration</p> <p>Includes Rice Lake SCT-10 with IP67 Enclosure</p> <p>Automatic Motor Functionality from Load Cell Control</p> <p>Pneumatic Control</p> <p>Pneumatic Control Solenoid (Power ON/Spring OFF)</p> <p>Operation Pilot LED</p> <p>Operation ON/OFF Selector Switch or Pushbutton Assembly</p> <p>Conveyance Off Time Delay</p>		
SSMS-LC-PS		<p>Load Cell Start/Stop Motor Control Switch (Up to 3HP)</p>	<p>\$3,989.00</p>	<p>\$0.00</p>
<p>CALCULATED TOTAL</p>			<p>\$0.00</p>	

Notes:

- Facility power connections must be properly protected per the current NEC upstream of the Craft Automation Control Cabinet
- All systems must be properly grounded per the current NEC
- Enclosure size will vary based on design
- Systems not shown will be quoted independently
- Totals above \$2500.00 will be invoiced with terms of 50%ARO and 50% Prior Delivery
- Totals below or equal to \$2500.00 will be invoiced with terms of 100% ARO

FULL TERMS AND CONDITIONS AVAILABLE ON REQUEST OR AT CRAFTAUTOMATION.COM/TERMS-AND-CONDITIONS

Warranty Information

All parts and components come with a 1yr warranty.

Customer is responsible for the cost of any part and component replacements (including shipping charges) if the malfunction is due to issues within user setup or user error.

Craft Automation will facilitate a manufacturers warranty replacement of any part or component if the part issue is in fact deemed a factory defect by the manufacturer.

Craft Automation will cover the cost of a part and component replacement (including shipping charges) if a malfunction is due to engineering or programming error within the panel.

Craft Automation is not responsible for any onsite replacement installation of any part or component.

For any returned equipment the Warranty Processing Agreement must be signed and submitted by the customer.

Support Information

Craft Automation provides Remote Control Commissioning at no charge.

Onsite Control Commissioning is available for an additional charge.

Craft Automation happily provides customer phone support for the first year of use of our product.

Additional Tech Support outside the first year of use may be accommodated based on the scope of support requested; additional charges may apply.

For more information please request to see the Tech Support and Commissioning Outline.

Terms: 50% ARO, 50% Prior to Delivery for Order Over \$2500; 100% ARO for Ordre Under \$2500; Parts 100% Due on Receipt

Payment: Check = No Fee; ACH Transfer = No Fee; Wire Transfer = \$15 Fee; Credit Card = 3.5% Fee

Sales Tax: Applicable Sales Tax Charged Unless Tax Exempt Certificate is Provided Upon Order

Expedite: Additional Costs May Be Associated To Expedited Orders, Please Request A Quote

Change Order: Additional Costs Are Associated With a Change Order, Please Request A Quote

Storage Fee: 2.0% of Principal Amount Per Month After 30 Days Post Completion or Agreed Ship Date

Late Payment: 1.5% of Principal Amount, Due at the End of Each 30 Day Period Post Due Date

Freight: Prepaid and Add to Invoice

Delivery: 6-8 Weeks ARO

FOB: Kalamazoo, Michigan

**This quote is only valid for
30 days from date of
submission.**

This quotation is offered under the expressed agreement all Terms and Conditions described here within or online at craftautomation.com this quotation supersedes any and all other Terms and Conditions not supplied by MiCraft, LLC; unless specified in a written and signed agreement by MiCraft, LLC

By signing below, you agree to purchase the equipment described under the terms and conditions set forth by MiCraft, LLC.
